VOL. 1

CATALYST FOR SOMETHING DIFFERENT

PECHA KUCHA WAS DEvised IN TOKYO IN FEBRUARY 2003

A presenting formula to allow people to network by meeting, and sharing their work with the public.

The name comes from the Japanese term for "CHIT CHAT". Its presentation format is based on a simple idea: 20 images x 20 seconds, allowing presentations to be concise and move **RAPIDLY**.

It has turned into a **MASSIVE CELEBRATION**, with events happening in hundreds of cities, **INSPIRING INDIVIDUALS WORLDWIDE**.

TECHA KUCHA IS ABOUT ENCOURAGING PEOPLE WITHIN THE IT, DIGITAL, TECHNOLOGY AND INNOVATION SECTORS TO ACTIVELY TALK ABOUT THEIR INTERESTS AND PASSIONS AND NETWORK WITH A RANGE OF PEOPLE AND BUSINESSES.

Food and drinks will be provided
